ANTIOCH, ILLINOIS, THURSDAY, OCTOBER 22, 1970

VOL. LXXXV. NUMBER 18

Village Board Votes Okay On Leaf Burning

Mr. and Mrs. Anton Johnson are celebrating their 50th Wedding Anniversary on Sunday, Oct. 25, at the home of their son, Bill, of Linden Lane, Antioch, from 2 to 6 p.m. Friends, neighbors and relatives are welcome to stop in. Mr. and Mrs. Johnson, who have lived in Antioch for the past 29 years, were married Oct. 23, 1920 in Elgin. She is the former Maude Larson. He is a retired painter.

A proposal to continue burning leaves in proper containers was authorized Monday night by the Antioch Village Board by a 4 to 1 vote.

The issue was approved when Village Mayor Raymond Toft supported the proposal to provide the required majority.

Trustee Richard Radke proposed that residents be allowed to burn leaves in an approved container. He was backed by Trustee Vern L. Barnstable.

Supporting them on the roll call was J. Irving Walsh. And to give the proposal the required majority, the mayor sided with Radke, Barnstable and Walsh.

Opposing the issue was Robert C. Wilton, who is chairman of the pollution committee.

Village Mayor Toft initiated the discussion on leaf burning when he revealed that he and Village Clerk Marilyn Sterbenz have received many calls on leaf burning, which not only is a problem in Antioch, but elsewhere in the county.

"I've got many calls from a woman in the Oakwood Knolls neighborhood who told me it wasn't right for us to teach our children not to pollute the air in schools, but yet allow leaf burning," he said.

"We don't really have a good ordinance governing leaf burning," the mayor continued. "However, I leave the decision on the issue up to the board."

"We don't prohibit the burning of leaves," Village Attorney Edward Jacobs said. "We allow it in an approved container."

"If you want to do away with pollution, I say let's stop leaf burning," urged Wilton.

The board also recommended that Antioch voters support the \$750 million anti-pollution bond issue proposal which will be voted on in the Nov. 3 election.

"I believe all of the voters should support the proposition," the mayor said. "I believe you'll find all of Lake County cities, towns and villages endorsing the proposition since the Sanitary District will greatly benefit from it."

He said the voters should vote since anyone not voting on the issue is casting a negative vote if he does not.

Village Mayor Toft spoke out against the purchase of any heavy equipment for the village if the existing equipment now owned by the township could be used.

"I believe the village should work closely with the township on the sharing of equipment," he said. "I don't see why heavy equipment costing in the neighborhood of more than \$10,000 should be spent by the village if the same equipment could be shared with the township."

The issue came up when Barnstable brought in bids on the purchase of heavy equipment to be used in sewer repair.

"We were thinking of an emergency when the equipment was suggested," said Public Works Supt. Charles Maplethorpe.

"I'm sure the township will allow the use of its heavy equipment in the event of an emergency," said the mayor.

A study was authorized on the purchase of a small back hoe on an existing village owned tractor to determine the price of such a piece of equipment.

The Antioch Electric Co. was awarded the contract to bring the traffic lights up to the specifications required by the state at Lake and Main Streets at a cost of \$2,230.

The lights will be equipped with push buttons at three locations to allow pedestrians to switch the signal to walk lights.

"We had the proper specifications when we awarded the contract several years ago," said Maplethorpe, "but we didn't get it."

The company which installed the lights has gone into bankruptcy and the village only withheld about \$400 from its contract.

The village will have to come up with the difference.

Jack Philman of 1234 Main St., a retired railroad man, has been hired as a combination school crossing guard for which he'll be paid \$2.75 an hour and \$2 an hour to check meters for parking violations in the downtown area.

Police Chief Jack Davis said Philman is replacing two men, and that he will not work more than 40 hours a week.

Trustees approved his request for the hours of 3 to 9 p.m. for the trick or treat circuit on Oct. 31. He urged parents to provide light colored costumes for their youngsters to prevent them from getting hurt on their tour of neighborhoods in search of treats.

Davis said the Antioch Chamber of Commerce has made available \$150 to the department to finance the expense of department members to attend one of the many schools or seminars held for policemen.

Congressman Robert McClory, Dr. Carlo Pastorino, vice president of the Italian Association of Mayors, Genoa, Italy, and Mariano Lucca, chairman of the National Columbus Day Committee, pose with the plaque presented to McClory in the Continental Hotel, Washington, D.C.

McClory Makes Fair Campaign Practice Pledge

In response to a communication from the Fair Campaign Practices Committee in Washington, D. C., Congressman Robert McClory (R-12) has signed a pledge to conduct his campaign for reelection in accordance with the Committee's "Code of Fair Campaign Practices."

In again adopting this position, Congressman McClory has subscribed to the Committee's ten point pledge which includes the following:

"I shall conduct my campaign

in the best American tradition, discussing the issues as I see them, presenting my record and policies with sincerity and frankness, and criticizing without fear or favor the record and policies of my opponent and his party which merit such criticism.

"I shall immediately and publicly repudiate support deriving from any individual or group which resorts, on behalf of my candidacy or in opposition to that of my opponent, to the methods and tactics which I condemn."

Lageschulte Will Head Builders

Jack Lageschulte, president of the Home Builders Association of Lake County, was recently re-elected to the post at the association's general meeting at Parkway in Waukegan.

Named as first vice president was Robert Spillane of Hailmar, Inc.; second vice president is Joe Gauden of Ready-Mix Concrete and Mort Engle of N. H. Engle & Sons was named as treasurer.

Directors for the coming year will be William R. Stephens, Jr., of Stephens Construction Company in Barrington, John West of

(Continued on page two)

United Fund Hires Executive Director

The United Fund of North Lake County, and the Waukegan-North Chicago Chamber of Commerce have joined forces for a combined Forward and United Fund Report luncheon at the Sheraton Inn, Waukegan.

Speaking on behalf of the United Fund Campaign, for which he is Budget Chairman, Bill Sherman, President of R. C. Sherman Insurance, Inc., announced that a new Executive Director had been hired to head United Community Services. The new director is Marlin S. Sherman of Anderson, South Carolina. He replaces James Dunphy who resigned to take a New York post, earlier this year.

Marlin S. Sherman, new Executive Director of United Community Services is a graduate of Morris Harvey College where he majored in economics. He completed the U.C.F.C.A., course pertaining to community organization at St. Louis University in 1962.

Describing the new UCS Executive Director, Bill Sherman went on to say, "Marlin Sherman is a veteran of the U.S. Navy, he has had extensive experience in his field, and he is married and is the father of four children." Bill Sherman added, "I hear that the new director has purchased the home of the old director, so we're keeping it in the family."

Sherman will begin his duties at 214 Madison Street, Waukegan on November 2.

Dr. Ralph F. Anderson, of I.M.C., Libertyville, and general campaign chairman for the 1970 United Fund Campaign announced that \$378,630 in pledges and funds had been collected to date

toward a total goal of \$787,452. This represents 49% of the total goal, with just two weeks of campaign remaining.

The campaign chairman, and more than one hundred volunteers and Chamber members heard reports from the three United Fund divisions.

Leading the division reports, and speaking for Dr. Charles S. Brown was John Rickard, sales manager of North Shore Gas. He reported collections of \$184,559 toward a total of 408,753. This figure represents 45% of Dr. Brown's total goal.

Reporting for Public Employee, Federal and Small Business Groups, Richard Schwartz announced that \$41,161 or 29% of goal had been raised by his division toward a total of \$142,230.

The final report of the meeting came from Richard Kennedy, assistant to the publisher of the Waukegan News-Sun, who reported 65% of goal achieved at this time, this being an amount of \$152,910 toward a total goal of \$242,322.

In closing the meeting, Dr. Anderson said, "We are now off to a good start, and with a few weeks of the campaign remaining, I am sure things will pick up."

Following along the "pregnant rabbit" theme of the United Fund Drive, in which each Associated Campaign Chairman was presented with a pregnant white rabbit which could not be returned until his goal had been reached, the associate campaign chairman for Division A, Richard Ken-

'Angels' Opens Nov. 7

Watch for the premiere opening of "My Three Angels" at the PM&L Theatre on Saturday, Nov. 7 with four more nights to follow - Nov. 13, 14, and 20, 21. This winning comedy is directed by Don Beveroth, veteran PM&L director and actor. Reservations can be made by calling 395-0702. Curtain time is 8:30 p.m.

The famous Walter F. Kerr of the New York Herald Tribune has this to say about "My Three Angels":

"Three angels from which all blessings flow are Joseph (Al Bucar) a shy and monklike soul with a tidy talent for embezzlement; Jules (Duane Wolfe) a fatherly figure who rather regrettably murdering his wife; Alfred (Ron Koules) a handsome young romantic who has the misfortune to do away with his inconsiderately tiny uncle.

At the moment these sweetly benevolent figures are doing time in a French Guiana penal colony, and they have been put to work repairing the roof of M. Ducotel's

(Continued on page two)

CLOCKS BACK AN HOUR AT MIDNIGHT SATURDAY

You can get a little more sleep this weekend.

This is the last Sunday in October and clocks will be turned back one hour as Illinois goes off daylight saving time.

Remember, turn your clock back one hour before you go to bed Saturday night.

AARP will Take Tour To Past

A tour back through time to historic moments in Illinois' past will highlight the next meeting of The Antioch Area Chapter, 397 of the American Association of Retired Persons, on Tuesday, October 27th, 1970, in the Community Room of the Antioch Savings and Loan Building, 12:30 noon.

The tour will be a slide presentation, "Illinois Heritage," presented by Ted Flanagan of Illinois Bell Telephone Company.

The story of Illinois' past is

Flanagan

based on color slides of the 12 historical paintings commissioned by Illinois Bell for the state's sesquicentennial celebration.

Among the pictured highlights in "Illinois Heritage" are George Rogers Clark's conquest of Illinois Territory, Lincoln and Douglass engaged in their final debate, inauguration of Shadrach Bond as Illinois' first governor, and social worker Jane Addams established Hull House in Chicago.

Adlai To Keynote Demo Rally

Adlai E. Stevenson III, Democratic candidate for U.S. Senator and presently state treasurer, will keynote a big Lake County Democratic rally to be held at 8:00 p.m. on Thursday, Oct. 22, at the V.F.W. Hall, 124 S. Utica Street, Waukegan.

"We hope that the public will turn out en masse for what we expect to be a real old-fashioned political pep session," Herbert L. "Hub" Stern, Lake County Democratic chairman, said. "It

will be an opportunity for Lake Countyans to demonstrate their support for Stevenson," Stern added.

Alan Dixon, Democratic candidate for State Treasurer, and Mike Bakalis, Democratic candidate for State Superintendent of Public Instruction, have also been invited, Stern said, but have not yet been able to clear their schedules.

Also in attendance next Thursday will be all of the Lake County

local candidates, including James J. Cone, candidate for U.S. Congress, Jeffrey R. Diver and Ronald A. Orner, candidates for State Senator from the 31st and 32nd Districts, respectively, State Reps. John S. Matijevich (D-31st) and Daniel M. Pierce (D-32nd), Grace Mary Stern, Assistant Supervisor of Deerfield Township and candidate for County Clerk, Ray Biondi, candidate for County Treasurer, and Marion G. "Red" Faber, candidate for Sheriff.

In addition to hearing from Stevenson and the other candidates, the Democratic leadership expects to take advantage of the occasion to take distribution to the various workers of their election materials for distribution through the county.

"This is the most important political meeting of the current campaign," Stern said, "and every committeeman is expected to attend."

Four Antioch Students Commended For Scoring

Letters of Commendation honoring them for their high performance on the 1970 National Merit Scholarship Qualifying Test (NMQST) have been awarded to four students at Antioch Community High School, Superintendent Dittman has announced.

Those named Commended students are Kathy Chase, Charles Geist, Eve January and Janet Polsgrove.

They are among 35,000 students in the United States who scored in the upper 2 percent of those who are expected to graduate from high school in 1971. The Commended students rank just

below the 14,750 Semifinalists announced in September by the National Merit Scholarship Corporation (NMSC).

Edward C. Smith, president of NMSC, said: "Although Commended students advance no further in the Merit Scholarship competition, their standing in this nationwide program deserves public recognition. Their high performance on the NMQST gives promise of continued success in college.

The Commended students should be encouraged to pursue their education since their intellectual talent represents an im-

portant and much needed natural resource. Both these students and our nation will benefit from their continuing educational development.

The Commended students' names are reported to certain scholarship-granting agencies and to the colleges they named as their first and second choices when they took the NMQST in February, 1970. The reports include home addresses, test scores and anticipated college major and career intentions of the Commended students. NMSC encourages these students to make every effort to continue their education.

Bank Equality

The dual banking system in this country consists of national banks, chartered and supervised by the Comptroller of the Currency in Washington, and state banks, chartered and supervised by their individual states.

The Illinois Banking Act governs the activities of state banks in Illinois. When the national government passes a law giving national banks certain additional powers in order to maintain equal status for state banks, the matter must first be enacted by the General Assembly and then put to referendum at the next general election before it becomes legal for Illinois banks.

For example, national banks for many years had express statutory power to make donations for public welfare and for charitable purposes before this power was finally given to Illinois state banks in 1957.

Also, national banks had the statutory power to join in the national program to aid small businesses by investing in the stock of small business corporations for at least four years before the power came to Illinois state banks in 1961.

As early as 1913, national banks were given the power to have branches in foreign countries but this power was not given to Illinois state banks until 1967.

Many more instances could be cited to illustrate the problem of maintaining parity between the state banks and national banks. This results from the fact that the Congress of the United States is almost constantly in session and is frequently dealing with problems of monetary policy, the banking system of the United States in general, the powers of national banks, and related matters.

The Illinois legislature, on the other hand, meets only biennially and banking legislation enacted still needs passage by a referendum before becoming effective.

To remedy this situation, the Illinois legislature voted overwhelmingly in 1969 that the state banking act be amended to provide state banks a means of keeping abreast of national banks.

The amendment must now be approved by the voters of Illinois. It will appear on a special pink ballot (pink tab on voting machines) November 3. A majority of votes cast on the issue is needed for passage.

The amendment does not permit branch banking within the State of Illinois, nor does it change existing tax rates and tax structures. It enjoys bi-partisan support and has the endorsement of leading civic, business, and labor groups.

To assure Illinois state banks competitive equality with national banks in the state, vote "yes" on the pink ballot November 3.

Halloween Magic

There really is something magical about Halloween now that millions of American children, including many here in Antioch celebrate October 31st through Trick or Treat for UNICEF.

Magical because, by their generous response, adults bridge the generation gap, uniting with youngsters in a common effort to aid the less fortunate children of the developing nations.

Magical because helping the United Nations Childrens Fund to cure the sick, feed the hungry, and educate the untrained and illiterate is one important step toward eliminating the differences between the world's haves and have-nots.

Magical because the coins that are dropped into those black and orange UNICEF cartons add up to millions of dollars (\$3,250,000 last year) for UNICEF's world-wide health, nutrition and education programs.

Magical because for a single penny UNICEF can supply the vaccine to protect a child against smallpox or tuberculosis; because one nickel buys the antibiotic ointment to cure a case of trachoma; because a dime translates into seed to sow 200 feet of vitamin-rich carrot row; because a quarter pays for an education kit for a primary school child.

Yes, UNICEF's Trick or Treat is real magic-made by every man, woman and child who participates in the Halloween collection. We hope that all the citizens of Antioch will become magicians this year.

Angels'

(Continued from page one)

(Gerald Pettra) general store. As they quite literally descend from the heavens, they find the Ducotel family in a sorry way. Papa is about to have his store taken away from him by a grasping relative (Don Beveroth), and a daughter (Gigi Spittle) is about to lose her equally grasping fiancé (Jay Horton).

It is all too much for such sensitive souls as these, and they immediately set about restoring righteousness and virtue to a callous world. In the process, they are not only willing to do the store's books, to snatch fowl for an impoverished dinner table, and to bait a trap for the girl's reluctant lover. They are perfectly prepared, if need be, to gently and tastefully dispatch the villain of the piece to his eternal reward. Whatever the cost, the Ducotels must have a happy Christmas.

Samuel and Bella Spewack have adapted this amiably macabre fairy-tale with its murder-murder whimsies and its thoroughly engaging nonchalance from the French of Albert Husson. A good bit of the evening has a gleefully wicked gleam in its eye. While we are being introduced to the soft-hearted conspirators, while we are watching them improve the family's financial position with their own "inspired" method of accounting, and even late in the proceedings—while we listen of them gossip brightly over the expiring form of one of their victims, the casual irony and mocking impudence of "My Three Angels" are altogether fetching.

Lageschulte.

(Continued from page one)

Barrington Fairhaven Estates in Barrington, John Leonardi of Pioneer National Title Insurance & Wakegan and Richard Goodman of Sterling Custom Homes, Lake Bluff.

Highlight of the coming year, said Lageschulte, will be continued strengthening of the Association to deal more effectively with the problems facing the growing and changing building activity in Lake County. Increased emphasis will be given to keeping down the ever-increasing cost of housing. Uniform building codes and practices throughout the county will be a goal of particular importance.

The Lake County Association continues to grow in membership and influence as the volume of housing increases in the county. Emphasis during the coming year will be directed towards reducing the cost of housing wherever possible by attempting to keep land prices from running away coupled with increased efforts to increase the productivity of labor at a reasonable and livable wage. Reduction in the cost of material will be an important goal through better and more efficient use and uniform codes leading to increased production of fewer materials for broader distribution.

The Association of course continues to be devoted to the creation of better housing in better communities for all of the people at lower cost, according to Lageschulte.

TIME FOR A CHANGE

Daylight Saving ends Sunday a.m. at 2, and if you are a little confused about which way to turn your clock, just remember this: "Spring-ahead; Fall-back!"

OUT OF STATE VISITORS

Mr. and Mrs. Clinton Richards of Osage, Iowa, and Mr. and Mrs. Wellington Lewis were weekend guests of Roy and Ida Kufalk.

BEARS LOSE

But a group of Antioch fans still enjoyed their trip to see the game at Wrigley Field. Anyway, the Packer fans were disappointed as well.

HAY RIDE FUN

Members of the Moose Lodge enjoyed the great weekend weather with a hay-ride. They had a little problem for a while but it all turned out well.

United Fund

(Continued from page one)

Uedy was presented with a tiny white rabbit. Dr. Anderson pointed out, that as Kennedy had not been present at any of the other report meetings, and as Callahan had been holding Kennedy's pregnant rabbit for him, the time had come to pass on the responsibility. Apparently, Kennedy's rabbit had "delivered" and as he had not yet fulfilled his goal, the mother and baby were his.

In the question and answer period which followed, Kennedy had only one question. "What does one feed a baby rabbit?"

GET WELL WISHES

Jus heard that Clarence Kufalk is in Victory Memorial Hospital and Merry Keulman has just returned home after a three week stay in hospital. We wish you speedy recoveries.

UNUSUAL STIPULATION?

There's a bowling team of very expectant mothers who bowl on Tuesdays. We were wondering if it had something to do with them being on the Tot Shop team.

WIVES ARISE

Early, that is, if you want to see your hunter husbands. Seems like when they come home from a day in the blind they sack-out early. Saturday evenings are dullsville for a while.

HAIL THE CONQUERING HEROES

The homecoming game really came across with a cliffhanger last Saturday and gave all their fans a thrilling afternoon. Keep up the fight, Mary Wiecezorek was the Queen for the Homecoming and spirits were happy at the victory dance. The freshmen are also doing a great job with their teams. They won 27-0.

GREAT WEEKEND

Several couples from Antioch lived it up at the Abbey last weekend and looked tired but filled with happy thoughts.

VISIT SCHOOL THIS WEEK

American Education Week is from October 25 to 31 and parents throughout the district are being invited to visit Antioch High School any time between 10 a.m. and 2 p.m. throughout the week. See you at school next week.

Non-Polluting Campaign Literature

What's new in political campaigning? Bio-degradable, non-polluting ecology-protecting campaign literature—that's what!

Grace Mary Stern, candidate for County Clerk in the November 3rd Lake County elections, has carried her interest in environment and her support of the Volo Bog to new lengths by developing a unique form of non-polluting campaign literature—yellow-frosted sugar cookies which are boldly stamped with red food coloring. "Elect Grace Mary Stern—She's a Smart Cookie!"

It all started when Mrs. Stern and her team were campaigning in Deerfield during the 4th of July parade. A great opportunity for political campaigning, the parade attracted a number of candidates who seemed determined to make the parade route one glorious litter of discarded flyers, buttons and leaflets.

"There's got to be a better way than this," said Mrs. Stern. She immediately put her advisory Committee to work investigating approaches to non-littering, non-polluting, and, ultimately, bio-degradable campaign literature.

Success was achieved through a "campaign cookie with a tasty message." Credit for the idea as well as for the successful formulation goes to Mrs. Linda Weldenfeller, 1106 County Line Road, Deerfield.

Linda, her husband Ed, and a number of volunteers have worked long to feed the fires of the

Stern campaign in a most unusual place—over the Weldenfeller kitchen range and over the process, they hit on a firm enough to handle, soft enough to eat formulation which has found favor with parade and fair goers, shoppers and train riders all over the county as the Stern team prepares for the Nov. 3 elections. Of course, there are still great litters of campaign literature throughout the County, seeming to anticipate the shedding trees of Autumn. But, you won't see any Stern campaign cookies mixed in with them! They taste too good!

Winning Pumpkins Will Be On Display In The Bank Lobby Oct. 29 thru Oct. 31

Moseley Wins New Post At Abbott Labs

North Chicago — Donald J. Moseley has been promoted to Manager, Lake County Traffic, at Abbott Laboratories, North Chicago.

As manager of the new department, Moseley is responsible for the movement of raw materials, supplies, and finished goods between Abbott's Lake County, Ill., locations.

Moseley joined Abbott in 1967 as domestic traffic supervisor in the Traffic Dept.

He is a registered practitioner of the Interstate Commerce Commission. His memberships include the Association of Interstate Commerce Commission Practitioners and its Chicago Chapter, Delta Nu Alpha transportation fraternity, of which he is treasurer, and the North Shore Traffic Club. He holds a degree from Kent State University.

Moseley, his wife, and five children live in Libertyville.

Marines Accepting Enlistments

SSgt. R. H. Blumel, local Marine Corps Recruiter, announced today that his office is presently accepting applications for enlistments of two years active duty. These two year enlistments are available on a first come, first served basis. SSgt. Blumel noted that his office has only a limited number of openings for this, and other programs.

If you are interested, and have not received an induction notice, contact either SSgt. Blumel or Sgt. Gawiak at 106 S. Genesee St., Waukegan, or phone Area Code 312-662-0947.

Sgt. Gawiak can also be reached at the new Navy Recruiting Station, 134 Cass St., Woodstock, every Thursday from 11 a.m. to 3 p.m. Call for an appointment if at all possible.

Seek Railroad Investigation

The president of the nation's largest state-wide Farm Bureau has asked that a special Congressional investigation of the entire railroad situation be conducted.

In a letter to all Illinois members of Congress, William J. Kuhfuss, Illinois Agricultural Association president, said the investigation is needed "to determine the true economic situation of the railroads and bring this information before the American public."

"The new proposed rail rate increase would be the third major

increase in less than a year," Kuhfuss said. "The November 1969 and June 1970 increases have not been fully implemented. Now the railroads are seeking another and even larger increase before the full impact of previous increases are known. This kind of action is intolerable and unthinkable."

Kuhfuss referred to a recent Interstate Commerce Commission announcement that it will allow the railroads to file new tariff schedules providing for a 15 per cent freight rate increase effective no earlier than Nov. 18. The ICC already had granted a rate increase of 6 per cent which went into effect Nov. 18, 1969 and this was followed by a 5 per cent rate increase which went into effect June 9, 1970. Both increases are still being investigated by the ICC.

Kuhfuss said the shipping public is both concerned and irritated.

"We are confused by the charges and countercharges relative to the economic health of our nation's railroad system. The combination of spiraling costs, poor or total lack of service, and bankruptcies has caused all but total loss of confidence, not only in the railroads, but in the regulatory agencies that were established to protect the public interest."

"If his proposed rate increase is permitted, farmers will suffer without any realistic alternative as they see a larger portion of the value of their products go to pay for transportation."

BREAKFAST SANDWICH

Pick up an idea from the Dutch and serve cheese and ham for breakfast. . . only make the combination into a sandwich.

Spread bread with softened butter and prepared mustard. Broil or panbroil slices of Canadian bacon. Core and slice large apples to form rings 1/4-inch thick. On each slice of bread overlap 2 slices bacon, top with 1 apple ring and 3 Gouda cheese wedges. Broil 3 or 4 minutes until cheese bubbles and browns slightly. Great for a snack, too.

Ford New Car Sales Set Record

Ford Division reported record new car sales in its Chicago district for September, B. L. Crumpton, district manager, has announced.

The district's 85 dealers delivered 6,479 cars during the month, an increase of nearly seven per cent compared to the previous high for the period set a year ago. Truck sales were 1,026, the second best September in district history and exceeded only by last year's total of 1,104.

"Our dealers are geared for a record 1971 model year," Mr. Crumpton noted. "There is a tremendous amount of pent up demand for new cars and trucks, and the interest in our new Pinto and four-door Maverick further enhances the outlook."

The Chicago district includes eight Illinois counties and Porter and Lake counties in Indiana.

Dr. Singiser In New Post

Abbott Laboratories of North Chicago announced that Dr. Robert E. Singiser has been named Vice President, Scientific and Quality Affairs, Pharmaceutical Products Division.

Dr. Singiser joined Abbott in 1958 as a research pharmacist and was in succession, Section Head, New Product Research 1961-64, Manager, Pharmaceutical Product Research 1964-66 and Director, Pharmaceutical Research and Development from 1966 until his present promotion.

Dr. Singiser received his B.S. degree in 1952 from Temple University and his M.S. degree from the University of Florida, both degrees being in the field of pharmacy. In 1959 he received his Ph.D. in pharmacy from the University of Connecticut.

Dr. Singiser is a member of the American Pharmaceutical Association, the American Chemical Society, Kappa Psi, Sigma Xi, Rho Chi and Phi Kappa Phi. He is a Fellow of the American Foundation for Pharmaceutical Education. He has authored many scientific articles and is the holder of several patents.

Dr. Singiser lives with his wife Glenda, and two children in Gurnee.

Marijuana Advocates Denounced

U. S. Senator Ralph Tyler Smith (R-Ill.) has denounced those who advocate the legalization of marijuana before medical science makes a real evaluation of its effects.

"We do know marijuana affects the brain and nervous system," said Smith. "But there are so many unanswered questions on the long and short term effects of marijuana on the body that it is ridiculous to propose legalization."

"There are more than 100 research studies under way on marijuana. I have sponsored and supported such studies in the U. S. Senate. Until the results are in, there can be no reason to legalize a mind-altering chemical which is one of the least understood of all natural drugs."

At the same time, Smith called for the integration of drug education into the general curriculum of primary and secondary schools rather than just a single lecture on drug abuse. He said too many of the existing drug education programs were ineffective and actually encouraged rather than discouraged young people of experiment with narcotics.

While advocating more effective drug education in the nation's schools, Smith said parents and teachers need to be educated on drugs. He said most young children know far more about drugs than their parents or teachers.

With narcotics addiction reaching epidemic proportions and spreading dangerously among the very young, Smith said he was proud to be among the Senate backers of model crime legislation which included the controversial "no-knock" provision. The "no-knock" provision permits a police officer to enter without announcing himself, if he first obtains a warrant from a court. The warrant is to be issued only in narcotics investigations, and then only if the issuing judge agrees that without it evidence might be destroyed or the officer would be in danger because he announced his identity before entering.

"I believe the 'no-knock' provision will be a valuable weapon in the fight against the illegal traffic in narcotics," said Smith.

You Can Make Wine, But Tell Uncle

If you are a home wine maker Internal Revenue Service offers this reminder: Heads of families may produce—tax free—up to 200 gallons of wine for use of their immediate families only if they comply with the Federal statute requiring registration of their intent to produce wine.

The Alcohol, Tobacco and Firearms Division of the IRS is charged with policing this Federal law.

Registration forms for this purpose, for prospective family-use wine makers in the State of Illinois, may be obtained from the Office of the Chief Inspector, Alcohol, Tobacco and Firearms, Room 1784, 35 E. Wacker Drive, Chicago, Illinois 60601. Properly completed forms must be submitted in duplicate to the above office at least five days before the production of wine is begun. Further information may be obtained by calling 312-353-3732.

If qualified, the home wine maker gets back one copy of the form as authorization to produce not more than 200 gallons of wine during the twelve-month period from July 1 through June 30. A new registration form must be filed for each year the home producer wishes to make wine.

The exemption given under Federal law for the production of tax-free wine is solely for family use; it does not apply to an unmarried person unless he qualifies as head of a family, or a married man living apart from his family. Production of wine by corporations or partnerships for commercial purposes is not covered by this exemption.

Each year a number of persons who have made wine for family use and who did not register their intention are taxed at the regular rate for such wine. In addition they have been liable for criminal prosecution.

Baptists Ask S.I.U. For \$33,000 Damage

The Board of Directors of the Illinois Baptist State Association has adopted a resolution holding Southern Illinois University trustees responsible for the closing of the Carbondale campus last spring, and asking payment of \$33,000 suffered in loss by the Baptist Student Center in Carbondale as a result of the closing.

The Baptist Student Center, adjacent to the Carbondale campus, provides housing for 800 students and operated a public cafeteria. When Southern Illinois University closed last spring due to student disorders, the Baptist Center refunded \$33,000 to residents who had pre-paid for room and board.

The resolution was adopted Tuesday at the semi-annual meeting of the Baptist Board in Springfield. C. R. Walker, pastor of the 1st Baptist Church in Marion, introduced the resolution. After signing by state convention president Charles L. Chaney, pastor of the 1st Baptist Church in Palatine, the resolution will go to Lindell Sturgis of Metropolis, chairman of the S.O.U. Board of Trustees.

The Board also asked its student ministries committee to take another year to study the future of the Student Center in Carbondale. Center Director Robert C. Fuson earlier this summer recommended closing the Center due to intervention in its affairs by the University, financial problems, and the desire of some parents and Baptists to maintain at the Center an "atmosphere of monastery as pertains to dress and social customs" which he said is "virtually impossible on a modern campus." He also cited a decline in enrollment in Bible courses taught at the Center.

The study committee, headed by Myron D. Dillow, pastor of

the University Baptist Church in Carbondale, will report back in September of 1971. Final action would be determined by the State Association in its November, 1971 annual convention. Dillow said this apparently means the Center will operate for at least two more school years, or until the end of the Spring quarter in 1972.

Among other actions, the Board voted to recommend a state denominational budget of \$1,242,743 for 1971, and a \$262,090 budget for the Baptist Children's Home in Carmel. Both budgets are subject to approval by the State Association which meets in Rockford on November 3-5.

State Association president Charles L. Chaney of Palatine presided at the day-long meeting of the 72-man Board of Directors, which met at the Holiday Inn East in Springfield. The State Association is comprised of 900 member churches in Illinois, with total membership of 180,000. State offices are now in Carbondale, but with the completion of a \$1.5 Million Baptist Building now under construction on Stevenson Drive in Springfield, the offices will move to the capital city sometime in 1971.

JUST ARRIVED?

We've no red carpet to roll out; no brass band to serenade you. But we can help you with names and locations of schools, lists of community facilities, shopping information and all the other things you'll want to know about your new home town. Naval Reserve Officers School Will Continue

Naval Reserve Officers School 9-16 will continue its academic year Oct. 24 with graduate-level courses ranging from public-affairs, to national strategy.

The school, located at the Naval Air Station, Glenview, is open to officer reservists of all services. Courses offered this fall include public affairs, naval intelligence, national strategy and security, of classified information. Weekend courses meet at 8 a.m., room 27A, building 27 at the Naval Air Station, Glenview.

Production Milestone For Holstein

Holstein-Friesian Association of America has reported a production milestone for a registered Holstein cow from this area. The career producer has been credited with more than 100,000 lbs. of milk under official testing supervision.

The owner, Alfred H. Ames, Zion, has been notified that Amestead Piebe Ormsby Allie 5031428 (GP), has produced 113,867 lbs. of milk and 3,757 lbs. of butterfat in 3,631 days since becoming two years of age.

Because of current replacement heifer rearing and purchase costs, cows that stay in the herd longer and achieve high lifetime production levels have proven to be more profitable. The Holstein Association has 35,500 cows on file that have attained the 50-ton production milestone.

Production levels of this magnitude can be attributed to scientific advances in feeding and management practices coupled with the genetic improvement and longevity of Registered Hol-

Night classes meet at 7:30 p.m., Wednesdays, same location. Civilians holding reserve commissions are welcome. Additional information is available by calling Cmdr. H. Hoover, 312-353-5263 or 312-626-7567.

Mr. and Mrs. Leonard J. Petruska

Sandra Waldweiler, Leonard Petruska Wed At Millburn

The Millburn Congregational Church was the setting at 4 p.m. Oct. 10 when Leonard J. Petruska claimed Sandra Kay Waldweiler as his bride.

The Rev. L. H. Messersmith officiated at the double-ring ceremony for the son of Joseph Petruska and the late Lucille Petruska of Waukegan, and the daughter of Mr. and Mrs. Peter Waldweiler of Antioch.

The bride chose a gown of silk faced organza over taffeta and imported cotton, Venice lace, fashioned with a high neck bodice of Venice lace and mine yoke of lace on an organza lantern sleeve. A semi full organza skirt with a detachable chapel train edged in matching lace, and her illusion veil, held by an open crown of lace petals and pearls, completed the setting.

Honor attendants were Barbara Wlezen, sister of the bride and Raymond Gergas. Marge Holm was bridesmaid and Jim Holm was groomsmen with Pete Lehmann as usher and flower girls Cindy and Kathy Holm.

The bride carried white carnations with apricot roses and ivy.

The honor attendants chose apricot chiffon over taffeta gowns styled with an empire bodice and high neck accented by beige jeweled lace at the neck. Long lantern sleeves and a semi-sheath skirt with a slight chapel drape

back. Their blusher veils were held by a forward cluster of net petals and pearls. They carried baskets of autumn colored daisy mums.

A reception was held at Lorenz Smart Country House in Antioch and the young couple left soon after for a honeymoon trip to Florida.

The bride is a graduate of Antioch High School and the groom of Waukegan High School. She is employed at Johnson Motors and he is a distributor for Golden Crown Citrus Corp.

There will be a Halloween kids' party at the Moose Home, on Sunday afternoon, Oct. 25, from 2 to 4. There will be costume prizes, cartoons will be shown and goodies to eat.

Ronald Polson, Governor of Antioch Moose Lodge states there will be an enrollment of new members on Wednesday, Oct. 28 at this regular Moose Lodge meeting. The meeting starts at 8 p.m. The Antioch Moose ritual team will perform the ceremony.

There will be a Moose bowling league dinner at the Antioch Moose lodge on Sunday, Oct. 25. Check at the club for time.

There will be a fish fry on Friday, Oct. 23 from 6 to 9 p.m. at the Moose lodge. Art Andersen and Harrison Brown and Morrie Bown are in charge.

Henry Grewe, chairman of the feather party, plans a big party this year, coming up on Nov. 7. Remember this date, Moose members.

Topics for Today's Women

THURSDAY, OCTOBER 22, 1970 THE ANTIOCH NEWS-4

American Legion Auxiliary News

By DEL JAHNEKE

Mrs. Robert Broege, Deerfield, District President of the 10th District American Legion Auxiliary, accompanied by Mrs. William Schultz of Wadsworth, Sharvin Unit, District Child Welfare Chairman, attended the Department (State) Child Welfare Seminar for both Legion and Auxiliary child welfare chairmen and officers, held at the Holiday Inn, Bloomington, Oct. 10th and 11th.

Various lectures by Superintendent Andrew Spellos of the Illinois Sallor and Soldier's Children's School (ISSCS), other educational authorities and house parents stressed educational, emotional and financial needs of the children at ISSCS. The Child Welfare Program will now be called the "Child and Youth Commission" to better designate the scope of duties and obligations of the American Legion and the Auxiliary. The basic principles of this program are to assure the care and protection for children of veterans; and to improve conditions for all children. The American Legion and the Auxiliary will again concentrate on the "whole child" program, designed to meet the physical, intellectual, emotional and spiritual needs of all children.

On Sunday, Mrs. Broege and Mrs. Schultz, with other representatives, go to church with the

ISSCS children, then have dinner and a visit with them at the Cottage their district sponsors. The 10th District has sponsored Harbord Cottage and the children for many years. Mrs. William Dowden, Antioch Unit child welfare chairman, says that the Antioch Unit sponsored a boy at Harbord Cottage for the last two years.

The concluding session of this seminar was held Sunday afternoon at ISSCS Auditorium, with many state officials present.

Tenth District Auxiliary officers and members participated in memorial tributes, both Thursday evening, Oct. 15th, at the Wauconda Funeral Home; and Friday, Oct. 16th, at the gravesite ceremony for Mrs. John Mould, Wauconda, immediate Junior Past District President. Mrs. Mould died at the Maple Hill Nursing Home in Lake Zurich, Oct. 12th, at the age of 52 years. She leaves her husband, John, State Field Representative of the Illinois American Legion, two sons, a daughter and four grandchildren. Her untimely death is a deep loss to her family, friends, community and the American Legion Auxiliary.

The Second Division American Legion and the Auxiliary will be holding a Fall Meeting on Sunday, November 1st, at 1:30 p.m., at the Homer Dahringier American Legion Home in Waukegan. Division Commander Lee Wolfe, Rock Fall, and Mrs. Victor Jovanovitch, Ottawa, Division President, will be conducting their separate sessions.

Representing the Antioch Unit will be Mrs. Ray Rathmann, 2nd Division Treasurer; Mrs. John W. Horan, President; and delegates, Mrs. Edward Jahneke and Mrs. Lester Zitkus; alternates, Mrs. Bernard De Vries and Mrs. Frank Kennedy.

Students To View Film On Events

Over 300,000 elementary and high school students in Chicago and the suburbs will view Screen News Digest this year through the courtesy of Commonwealth Edison Company.

The electric company is sponsoring the award-winning film series based on current news events for the sixth consecutive year. Edison estimates that the nine films for the 1970-71 academic year will be seen at over 500 public and parochial schools in Greater Chicago. The films—many of them in color—will be presented once a month throughout the school year.

Screen News Digest has been honored three times by the Freedom Foundation for its contribution to a better understanding of the American way of life. The series attempts to bring "living history into the classroom" and complement the traditional education curriculum.

The documentaries focus on history in the making and presents closeups of personalities and events from the entire panorama of human experience.

The lead-off color documentary is entitled "A Town That Washes Its Water." The film tells the story of Santee, California, the first community in the nation to make outright use of carefully treated sewage water. Upcoming Screen News Digest issues will deal with the 25th anniversary of the United Nations, the lunar journey of Apollo 14, the search for peace in the Middle East and the underwater mission of six women aquanauts in Tek-tite II.

'Neighbors' Hold Meeting

The Royal Neighbors Olson Camp held their meeting on Tuesday, Oct. 13. Many new faces were seen in the audience and were given grand honors. Edward and Nancy Thayer became the proud parents of a sweet little girl named Lisa. Alice Fritch and Lillian Hand were reported on the sick list. Dot Golden is doing well also. A discussion was held as to the card party the Royal Neighbors will hold at the American Legion Hall on Oct. 27. Everyone is welcome. Bring your friends. If you have any question kindly contact Bea Mills.

K of C Begins Membership Recruiting

The membership recruitment drive to honor John Cardinal Cody, Archbishop was announced today by Grand Knight Sam Lombardo of St. Peter of Antioch, Council 3800, Knights of Columbus, in Antioch. At the same time, Lombardo also named Robert Doyle as general chairman for the program.

Accepting the appointment Doyle said, "As a renewed expression of our support for the Church's episcopal leaders and for her program of salvation, our council will conduct an Admission Degree of the Knights of Columbus on November 24, 1970 in honor of John Cardinal Cody." Doyle explained that the Knights of Columbus were especially looking forward to increased activity in the area of social and civic responsibility in keeping with the ecumenical spirit. "We want to add to our membership all those Catholic men in our area who are sincerely interested in exercising their talents in this direction," Doyle added.

The membership recruitment program will be conducted by the council from October 15 through November 30. To properly employ this program the general programs chairman, Alfred Roth will coordinate all his efforts in this movement.

WOMEN OF THE MOOSE

At the regular business meeting, new applications were read and the voting returned a favorable ballot. Recorder Jerri Polson read the previous Chapter and Executive Board minutes, and the Chapter approved the project of having a float in the Homecoming Parade. Hospitality Chairman Ann Stickler is receiving help on the decorating and convertible cars will be used for co-workers and members of the Loyal Order.

Mooseheart Committee Chair-man Irene Clark gave her annual report on her Chapter night and fund raising project.

Several officers went to the State Convention last week where Junior Graduate Regent Rose Marie Hadley received her Green Cap in a very impressive ceremony. The Chapter heard reports from Junior Regent Judy Page on the Ritual Ceremony; Chaplain Shirley Reitsch on the starting of Moosehavan in Florida; Junior Graduate Regent Rose Marie Hadley on a question and answer session; Treasurer Catherine Kloth on the Grand Opening of the Loyal Order, and the very moving ritual of the dedication of the deceased members of the Moose, Recorder Jerri Polson told of the Queen of Sponsors investiture. Others who attended were Senior Regent Erna Toft, Sentinel Fran Boxley, and Collegian Gerry Mark.

The Chapter then proceeded with the ceremony of the draping of the Charter, in memory of co-worker Marge Kurz, who will be very much missed by her friends in the Lodge. The meeting was adjourned to meet again on Nov. 5.

Where The Boys Are

Navy Petty Officer Second Class Tommy J. Tuttle, husband of the former Miss Toni Jo C. Parcel of Lake Villa, participated in Operation "ROPEVAL" aboard the destroyer escort USS Hepburn off the California Coast.

The operational involved more than 30,000 Navy men embarked in 41 U. S. Navy and three Canadian Navy ships.

Operation "Readiness and Operational Evaluation" (ROPEVAL) was one of the largest Naval exercises to be conducted off the West Coast in recent years. It was designed to test the skills of ship's crews and the capabilities of their equipment during simulated battles.

Navy Petty Officer Third Class George H. Ackerman, son of Mr. and Mrs. George F. Ackerman of Route 4, Antioch, Ill., is serving aboard the destroyer USS Mullinix operating with the Sixth Fleet in the Mediterranean.

Navy Airman Fredric C. Peaslee, son of Mr. and Mrs. Glenn H. Peaslee of Route 2, Lake Villa, Ill., has reported for duty at the Naval Station, Sangley Point, Philippines.

PM&L Have Season Tickets

Season tickets are now on sale for Palette, Masque & Lyre's Season X. The season opens on Nov. 7 with "My Three Angels," a captivating comedy directed by Don Beveroth. This first show may also be seen on Nov. 13-14, 20 and 21.

Gary Richter will direct PM&L's second show of the season—Neil Simon's well-known "Barefoot in the Park." This hilarious comedy can be seen on Feb. 20, 26, 27 and March 5 and 6.

The third scheduled show of the season is a moving drama depicting the early life of Helen Keller.

"The Miracle Worker" will be presented by the group on May 8, 14, 15, 21 and 22 and will be directed by Josef Hunley.

The curtain will rise at 8:30 p.m. for all three productions which will be presented at the Palette, Masque & Lyre Theatre located at 877 Main St. in Antioch.

For further information or for season tickets, which sell for \$5, call 395-0539 or 395-9702.

'Suzies' Now In 10th Year

Sequoit Suzies 4-Hers reorganize for their 10th year. The girls met at the Hevredjs' home, Susan and Alison were hostesses for the evening.

New officers were elected for the 1971 year. They are Wanda Springer - President, Rosemary Scheske - Vice President, Debbie Broecker - Secretary, Diane Rentner - Treasurer, Leann Buchta - Reporter, Julie Healy - Program Chairman, Rosaline Scheske - Song Chairman, Recreation Chairman - Nancy Springer, Sgt. at Arms-Debbie Rentner, Tour Co. Chairmen-Patty Gross and Kathy Walsh.

New members were welcomed to the club and members and mothers were oriented on 4-H; and suggestions were made to the program planning committee. A tour was organized by tour chairman for Oct. 12 to the Nestle Co. which the girls took and enjoyed immensely since they will be using the chocolate product they saw made in their food projects.

The club is also fortunate to have 4 Junior Leaders, Gail Olson, Sue Hevredjs, Allison Hevredjs, Mary Steffenburg who will help conduct some of the 4-H projects. Already Gail and Mary set up a 4-H display in the new Antioch Library, to commemorate the 4-H week.

Steve Smouse Pledged To Fraternity

Stephen Smouse, 516 Winsor Drive, Antioch, has pledged Sigma Alpha Epsilon social fraternity at Millikin University.

Sigma Alpha Epsilon is one of eight sororities and fraternities on the Millikin campus.

Stephen is a freshman majoring in music. He is the son of Mr. and Mrs. Kenneth W. Smouse, and a graduate of Antioch High School.

Community Music Association Opens 14th Year

Community Music Association of Lake Forest-Lake Bluff premieres its 14th season with Victor Aitay conducting the newly formed Lake Forest Symphony Chamber Orchestra in its first performance. This concert will be at the Church of the Holy Spirit, 400 E. Westminster, Lake Forest, on Sunday, Nov. 1 at 5:00 p.m.

Soloists for this concert are drawn from the Lake Forest Symphony. Concert-Master Alan Heathington will solo with Deborah Shea in Vivaldi's Concerto grosso, Op. 3 No. 8. He will join Patricia Lanza flute, and Richard Boldrey harpsichord in the Brandenburg Concerto No. 5 by Bach.

The soloist in Concerto No. 6 by Handel will be Gary Stuart, organist of the Church of the Holy Spirit. The concert will close with Haydn's Sinfonia concertante Op. 84 with Arthur Lessing cello, Elfreem Ostrowsky oboe, Richard Rusch bassoon, and Alan Heathington.

This is the first concert of the 14th season of the Lake Forest Symphony. Orders for subscription tickets may be made through Helanders and the Faller Music Company in Lake Forest, or the Community Music Association, P.O. Box 748, Lake Forest, Illinois 60045. Single seats, as available, are also for sale.

Mr. and Mrs. Donald Andersen

Gloria Savaglio Weds Donald W. Andersen

Donald Walter Andersen, Jr., and his bride, the former Miss Gloria Jean Savaglio, are living in Kenosha, Wis., following their wedding Sept. 26, at Mount Carmel Catholic Church.

The Rev. John J. Richetta officiated at the wedding for the daughter of Mr. and Mrs. Frank O. Savaglio, 2319, 72nd St., and the son of Mr. and Mrs. Donald

W. Andersen, Sr., of Antioch. Honor attendants were Mrs. David Schneider, the bride's sister, and Harold Knutson, Antioch. Also attending the couple were Misses Donna Salerno, Marilyn and Josephine Musurelli, bridesmaids.

Alex Savaglio, Kenosha; Thomas Blackman and Delmar Church all of Antioch, were groomsmen. Ushers were Kenneth Andersen, Twin Lakes, Wis., and Gary Williams of Arizona.

A reception was held at the Italian American Club in Kenosha.

The bride is a graduate of Bradford High School and attended the Kenosha Technical Institute. The groom is a graduate of Antioch Community High School.

Mrs. Andersen is employed at Snap-On Tools Corp., and her husband at Commonwealth Edison in Northern Illinois.

Annual Chicken Dinner

The annual roast chicken dinner and bazaar will be held Friday, Nov. 6, in the Fellowship hall of the Millburn Congregational Church.

The bazaar will open in the afternoon at 2 p.m. featuring fancy work, home-baked goods and candy.

The dinner which is known for its delicious roast chicken, dressing, apple salad, cranberries, home-baked brown bread and pies is by reservation only, 4:30, 5:30, 6:30, and 7:30. Phone Millburn Church 356-5237.

CHRISTIAN SCIENCE CHURCHES

How an understanding of man's true being helps to support moral and other standards will be explained Sunday at Christian Science Church services.

The subject of the Lesson-Sermon is "Probation After Death." One of the passages to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy states:

"Being is holiness, harmony, immortality. It is already proved that a knowledge of this, even in small degree, will uplift the physical and moral standard of mortals, will increase longevity, will purify and elevate character."

The Golden Text is from Hebrews: "Cast not away therefore your confidence, which hath great recompense of reward. For ye have need of patience, that, after ye have done the will of God, ye might receive the promise."

Services held at First Church of Christ, Scientist, BEACON HILL, Rte. 173 and Harden, Antioch, Ill., begin at 11 a.m. Everyone is welcome.

God can help you.

Come to this Christian Science Lecture FRIDAY, NOVEMBER 6 at 8:00 p.m. FIRST CHURCH OF CHRIST, SCIENTIST, Route 173 and Harden Street Antioch, Ill.

"HOLDING ON" VERSUS "DROPPING OUT"

Beverly Van Patten, Bill Turner Married

Mr. and Mrs. Laurel Van Patten announce the marriage of their daughter, Beverly, to Bill Turner of Marathon, Fla.

The Rev. L. H. Messersmith of the Millburn Congregational Church officiated at the 7 p.m. ceremony, Oct. 2. Honor attendants were Carolyn and Roger Van Patten.

A reception was held in the home of the bride's mother. After honeymooning in Virginia and Georgia, the newlyweds will be at home in Marathon, Fla.

Scott Calls For Creation Of Committee

Illinois Attorney General William J. Scott has called for creation of a permanent seven-state regional committee to fight air pollution.

"It would be futile for any one area to try to win the air pollution fight alone, since we all share the same limited atmosphere," Scott said.

"In Illinois, we have dramatic examples of this. The citizens of South Chicago, Illinois, and Lake County, Indiana, breathe the same filth that pours from the steel mills located in our two states. And the people of East St. Louis, Illinois, and St. Louis, Missouri, breathe the same polluted atmosphere."

Attorney General Scott urged the legislators of the seven states to draw tough new air pollution control laws and to work together for uniform high standards.

"We must work not only for regional compacts between the states, but also for a coordinated program between nations," Scott declared.

At the request of President Nixon, Scott will meet with the Prime Minister of Japan and other high ranking Japanese officials, Oct. 14, in Tokyo, following a week-long conference to develop a coordinated pollution-control program for the United States and Japan.

Attorney General Scott said that with prodding and incentives from the State legislatures, the coal and gas industries can join together to set up gasification plants, in areas such as Southern Illinois, which would convert the high-sulfur coal into pollution-free gas which then can be piped to industrial cities such as St. Louis, Peoria and Chicago. There, it can be used to produce electric power, as well as for use in individual homes and factories, he pointed out.

"This development also will produce an economic bonanza for Downstate Illinois which has the largest coal reserves in the United States," Scott said.

Ward Has Developed Detergent

Montgomery Ward has announced development of a non-polluting, low suds, bio-degradable detergent which will be introduced to the public this week through its Chicago area stores.

The new laundry detergent contains no phosphates, enzymes or nitrates. It is an exclusive development of the research laboratories of Montgomery Ward's industrial and consumers' chemical division. Sodium perborate is used in a concentrated formula as the cleansing agent. This makes the product more effective than most phosphate detergents now being marketed, according to James Lutz, executive vice president of Montgomery Ward.

The new detergent is bio-degradable (it dissolves in pipes, drains and sanitary systems). Its water softener ingredients are effective in cold and hot water. It rinses clothes film-free. Montgomery Ward retail stores across the country will receive the new product before the end of the month.

Counseling Program For Addicts Set Up

A new program to provide special counseling and treatment for narcotics addicts was announced by Gov. Richard B. Ogilvie.

Peter B. Bensinger, Director of the Department of Corrections, said that the program will serve primarily men and women being paroled from the Illinois State Penitentiary system. Gov. Ogilvie made this comment on the new program.

"We're trying to help the people committed to our institutions break the unhappy cycle of crime—prison—release—crime."

"All inmates face severe pressures when they are paroled from prison, and the temptation to return to the use of narcotics is

especially severe for the ex-addict. They need special attention and support."

The program, called the Illinois Drug Abuse Residential Treatment Program (DART), will cost \$418,670 for the first year. The Illinois Department of Corrections, which will administer the program, received a \$200,000 discretionary grant last week from the Law Enforcement Assistance Administration of the U. S. Department of Justice.

To help the ex-addict ease himself back into society, the DART program will consist of three levels of treatment, according to Bensinger.

Seven months prior to an inmate's hearing before the Parole and Pardon Board, he may volunteer for DART. If he successfully completes a 30-day orientation program during which he will be given psychological, vocational, and medical examinations, he will be eligible for transfer from the penitentiary to a residential treatment center in Chicago.

The treatment center will be part of the Department of Corrections' network of work release and community centers. There he will receive intensive counseling and on-the-job vocational training.

If the inmate is granted parole, he will return to the treatment center for another four to six months of treatment. He will have fewer restrictions imposed on his activities and will be able to take part in more social and recreational activities.

In the third phase of the program, the parolee will no longer live at the main treatment center, but he will attend therapy sessions regularly and will be able to obtain professional counseling.

The DART continuum of treatment, beginning in prison and continuing until the offender has established himself in the community and is able to avoid illicit drugs, may last from two to two and one-half years.

Bensinger said that statistics indicate that 90 percent of the drug-addicted criminal offenders return to crime upon release.

"We hope to reduce the rate of recidivism among addicts," Bensinger commented. "We think DART will help significantly, but each community in the State must also accept its share of the responsibility for providing drug rehabilitation programs."

Twenty-two qualified staff members trained in drug abuse prevention and rehabilitation are necessary for the program. The resident staff will be augmented by consultants.

Crisis intervention will be available to "walk-in" patients—people who come to the center for help from the streets—when space permits.

The DART staff will also make available educational materials for concerned individuals and groups interested in combatting drug abuse.

The program will be coordinated with the Department of Mental Health's Drug Abuse Rehabilitation Program—in order to avoid duplication and to take advantage of both departments' expertise.

NIPC Adds Support To Bond Issue

The Northeastern Illinois Planning Commission today endorsed the \$750 million Anti-Pollution Bond Act which will be presented to voters on November 3rd.

In announcing the action by the Commission, John W. Baird, President, said: "This bond act is an essential element in stopping further pollution along our lake front as well as in the lakes and streams throughout the state. We urge the passage of this Anti-Pollution Bond Act. This problem must be attacked and it will never be easier or cheaper to do than right now."

The Northeastern Illinois Planning Commission is the official planning agency for the 3700 square-mile area comprising the counties of Cook, DuPage, Kane, Lake, McHenry and Will—an area containing almost seven million people and 1250 units of government.

Charles L. Brown, Chairman of the Illinois Citizens for Clean Water, and President of Illinois Bell Telephone Company said, "I'm pleased that the Northeastern Illinois Planning Commission has joined with us in our campaign to promote passage of this vital plan. Water pollution in our state has reached critical proportions. This bond act will give us the necessary funds to begin cleaning up its major sources."

Questionnaires To Go To Pensioners

Over 50,000 Illinois veterans and dependents who receive monthly VA pension checks have been alerted they will receive annual income questionnaires with their Nov. 1 check. John B. Naser, director, Illinois VA Regional Office in Chicago, made the announcement today.

Naser pointed out 1971 pension payments will be based on information submitted by the recipients. He urged prompt response to the questionnaire as payments will be withheld unless the form is completed and returned no later than January 15.

VA pension payments go to veterans totally and permanently disabled from injury or illness not connected with military service. Widows and children of deceased veterans may also be eligible for such pensions if they meet certain income limitations.

Parents of deceased veterans who receive dependency and indemnity compensation payments are also required to fill out and return the questionnaire.

Pension payments, unlike service connected compensation, are based on the amount of income a recipient receives from other sources. The income questionnaire requests information on the amount of income the beneficiary received in 1970 and the amount anticipated in 1971.

Naser emphasized that failure to return the questionnaire could not only cause pension payments to cease, but could cause a refund of payments received during 1970.

Pensioners who need assistance in completing the questionnaire may contact the VA office nearest them.

Nurses Shortage Is Acute

Illinois must increase the number of its working nurses from 34,000 to 57,000 in the next ten years, and one nurse will be primarily responsible for seeing that the funds and plans are committed to meet the goal.

She is Mrs. Florence Finette, R.N., recently appointed member and only nurse on the Health Education Commission of Illinois. The Commission recommends on legislation through the State Board of Higher Education and decides priorities on fund allocations.

Curiously, while Illinois now has more school teachers than teaching jobs, the state is woefully short on nurses. And although many changes have been made in nursing education in recent years, the number of new graduates and the total nurse work force hasn't increased perceptibly, Mrs. Finette said.

The serious shortage of qualified faculty was chief subject of a two-day meeting in St. Charles, Ill., early this month with 100 deans and nursing school directors participating. In the meeting, sponsored by the Illinois Nurses' Association and the Illinois League for Nursing, the group said they would actively support efforts to get more funds for faculty members, the most serious shortage.

Mrs. Finette is chairman of the department of nursing at DePaul University in Chicago. Her appointment to the 14-member HEC followed a year of efforts for representation from the nursing profession.

Illinois presently has a ratio of 330 nurses per 100,000 population. The projected need for the 1980's is 440 per 100,000. That means 22,000 more nurses will be needed by the end of the decade. "Even if an increasing number of young people enter the nursing programs, the capacity of many

schools is limited by a shortage of faculty, funds and building," said Mrs. Finette.

Until recently, the cost of nursing education has been paid primarily by hospitals through their charges to patients. In 1965, the legislature granted permission for the establishment of the two-year Associate Degree programs for nurses in junior colleges. Since then, 21 AD programs have been established and three more are scheduled, and the number of four-year (baccalaureate degree) college programs has grown from six (1963) to ten. That transfers some of the costs to the public.

The 1968 report of the Illinois Study Commission on Nursing & subsequent surveys by the INA show that we must double the number of baccalaureate programs to 20 by 1980, and nearly triple the number of graduates, according to Mrs. Finette. Associate Degree and Diploma Schools combined must total at least 40, and increase graduations by 150 per year. Facilities and capacities for licensed practical nurses must double the present number of graduates—now about 1,600 yearly.

Last year, 351 nurses graduated from the Associate Degree nursing programs, up 83% over the previous year, and 438 graduated from baccalaureate programs in nursing, up 40%, according to Mrs. Finette.

There is an undeniable desire on the part of many young men and women to obtain their professional education in a college setting. It is also a fact that taxpayers must share the cost burden of education of nurses that for years was almost entirely on the shoulders of hospital schools that have to meet costs through income from patient services," she said.

Illinois must try to maintain levels of nursing graduates in all kinds of schools; it is in the tax-supported segment that we can hope for growth to meet our state's needs for nurses," Mrs. Finette said. "Nursing schools have a difficult time competing with the salaries offered by universities."

"Top priority in nursing education is the preparation of the leaders and teachers," explained Mrs. Finette. Faculty, which is in the most desperate shortage, requires a minimum of master's or doctorate-level preparation; yet fewer than 50% of those teaching in schools of nursing at present have that amount of education. Nurses who wish to teach need increased financial assistance. Many are at an age where marriage, home responsibilities and expense stop their educational progress, Mrs. Finette said.

'Neighbors' Schedule Card Party

The Royal Neighbors Olson Camp 725 is holding a card party on Oct. 27 at the American Legion Hall on Ida Ave., at 8 p.m.

Votefest To Be Held On Oct. 24

Senator Charles H. Percy has today announced that over 5,000 persons from all over the state are expected to attend Percy's GOP VOTEFEST in Springfield, Oct. 24.

Among the notables expected to attend the Republican rally are Governor Richard Ogilvie, Senator Ralph Tyler Smith, and State Supt. of Schools Ray Page. The VoteFest is being held to allow people from across the state to meet the Republican candidates for office.

"We're planning a wonderful afternoon with food, entertainment, and probably a political speech or two," Percy said, "and the response has been terrific. At present estimates, we now expect to have well over 5,000 persons in attendance."

The VoteFest will be held at the State Fairgrounds in Springfield from noon to 4:00 p.m., Saturday, Oct. 24. Tickets are available through Republican County chairmen.

Entertainment will include singers, combos, country western music, square dancing, and a German band.

Lakeside Rebekah Lodge No. 82

By Del Jahneke

"Elective Officers and Friend's Night" was held at the Oct. 7th meeting of the Lakeside Rebekah Lodge No. 82, held at the Antioch American Legion Home, with Mrs. John Hagen, Noble Grand, conducting the meeting. A special guest was Mrs. Mildred Black of Highland Park, a past State Rebekah Assembly President. There were Rebekahs present from lodges in Crystal Lake, Highland Park, Libertyville, Waukegan and Antioch, all lodges in District No. Three.

On Oct. 8th, Mrs. J. Hagen, Mrs. Clarence Larson and Mrs. Charles Ferris, District No. 3 Vice President, attended the "Autumn Leaf" Lodge in Barrington, when they entertained the District Officers.

Sequoit Tame Bears, Keep Conference Lead

By the Twelfth Man

Homecoming games are known to be exciting games, but our game Saturday against the Lake Zurich Bears was one of the most exciting homecoming games ever played.

The scoring started when Larry Luloff fell on a Lake Zurich fumble on our 20 yard line. From our 36, Chip Gross hit Eric Claeson on a 27 yard swing pass to the Bears' 37. Gross took it to the 27 and later carried it from the Bear 15 to the two yard line to make it first end goal. Two plays later Claeson carried it over from the one to open the second quarter. The extra point was blocked.

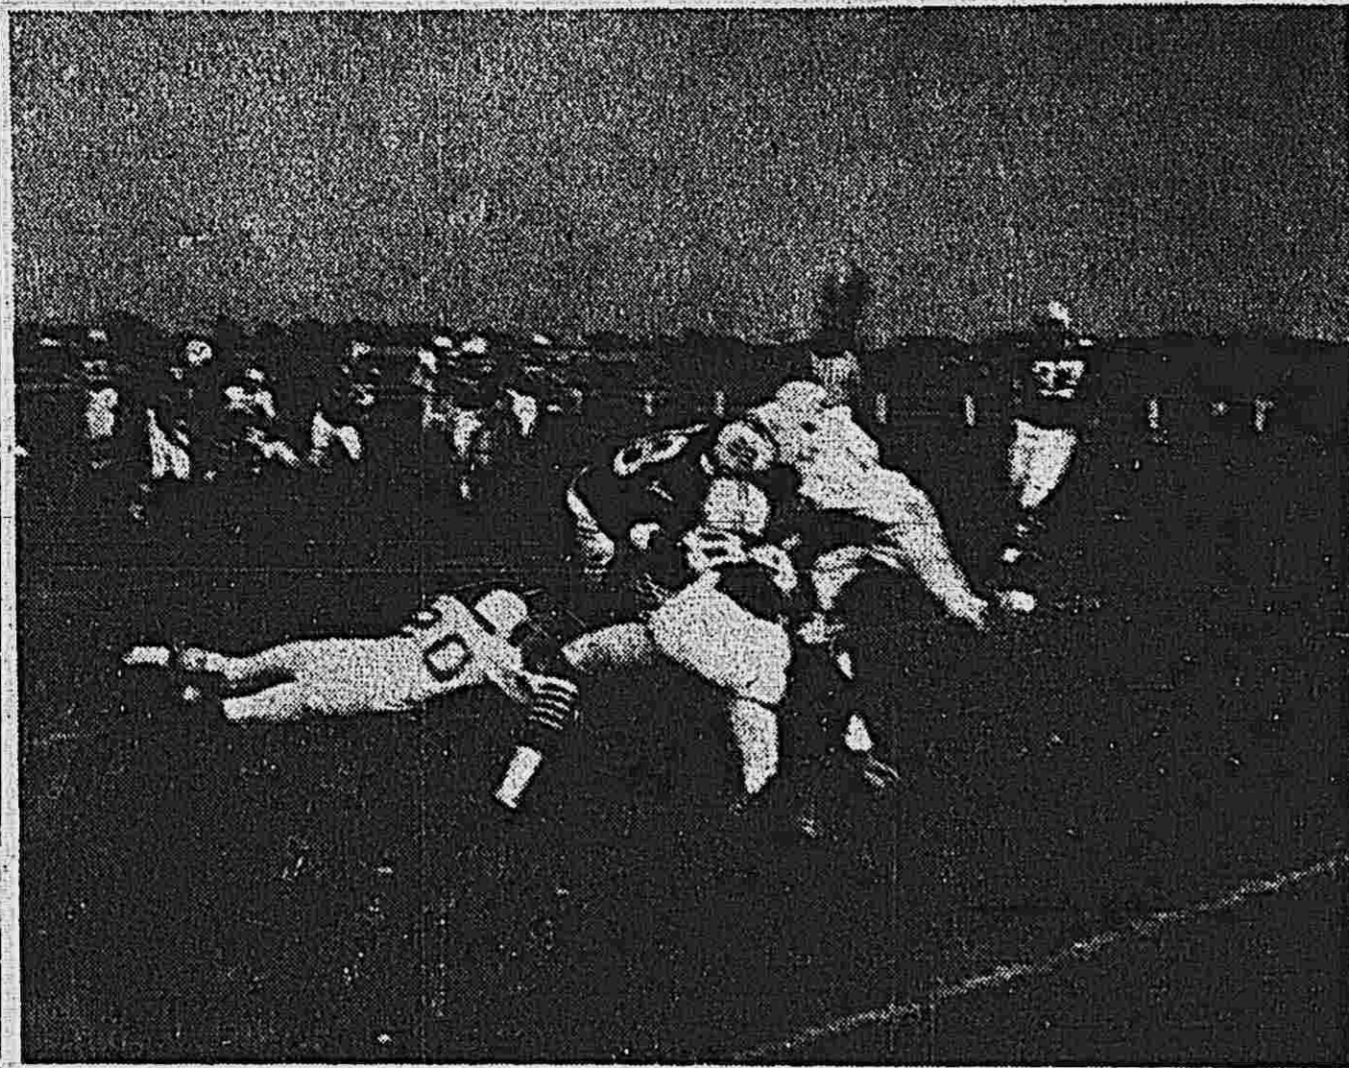

The Bears failed to get their offense rolling and had to give up the ball on their own 44 yard line. On the first play, Gross hit Tom Martin for 13 yards and three plays later on third and 17 the same combination worked for 23 yards and a first down. On third and eleven Martin scored from the 16 on his now famous end around play. Jim Revell added the extra point to make it 13-0.

The Bears got moving from their 33 yard line and went 67 yards in 12 plays for the score. The extra point failed when the Bears tried sweeping the right side for two points. So with 5:52 remaining in the half we led 13-6.

We got the ball on our 20 and two plays later Gross had a pass picked off. This gave the Bears the ball on our 27. But the Bears offense spluttered and they kicked a field goal from our 8 yard line to make it 13-9 at the half.

The Bears struck first in the second half when we fumbled and they went 55 yards in 7 plays for the score. The big plays in the drive were a pass interference call on Gross and a 38 yard pass for the score. They faked the extra point attempt and passed for the two points and led 17-13 with 4:20 left in the third quarter.

The third quarter ended by Gross picking off a pass on our 42 only to fumble it two plays later. This gave the Bears possession at the start of the fourth quarter. The Bears drove to the

The action was fast and furious last Saturday as Antioch Sequoits edged out a win against stubborn Lake Zurich to remain on top of the conference. It was Homecoming and the Sequoits did not disappoint their fans, winning by a score of 20 to 17.

5 yard line where it was second and good. Here our defense tightened up and dropped there for an 8 yard loss to our 13 where a field goal was blocked by John Schaeffer.

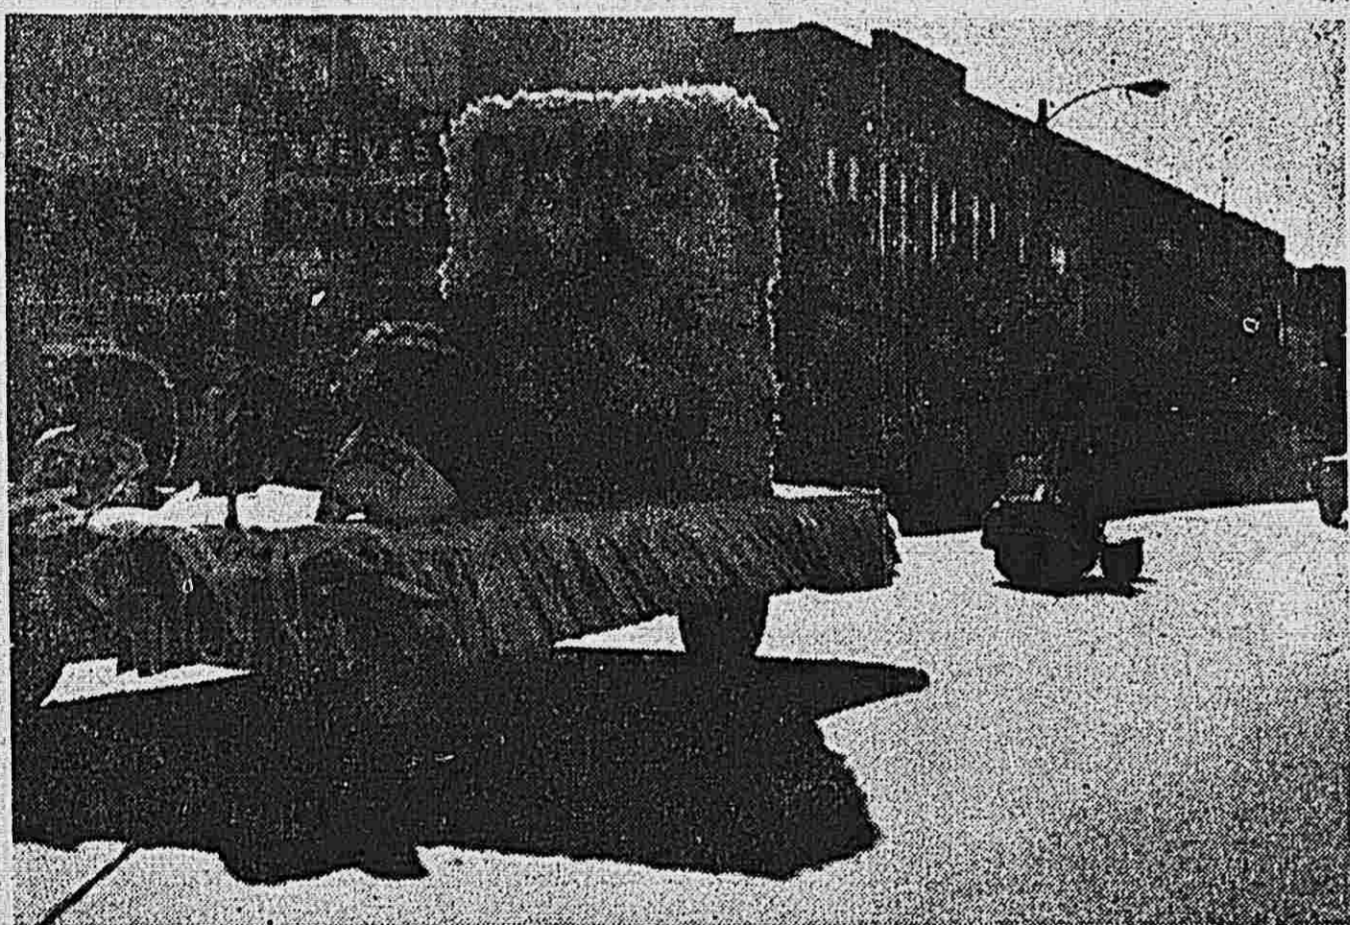

We thought we were going in for a score as we went inside the Bears' 20, only to fumble and give up the football with less than 3 minutes to play. Things were looking bad but we didn't give up and a strong defense forced the Bears to punt. The punt went nearly straight up and bounced into the hands of Dan Walsh, who after a few Gayle Sayers moves, picked up 7 yards to put us on their 23 yard line, with less than a minute to play. On the second play Martin threw an end around pass to Revell for a 16 yard gain and a first down on their 5. Two plays later Claeson went untouched into the end zone with 0:18

left on the clock. The extra point was good and we led 20-17. That's how it ended with our slightly lucky team beating the very tough hitting Lake Zurich Bears.

Let's hope that next week we don't try to show off our ability to come back as we have in three of our four conference games.

HOT MILK BEVERAGE

A hot milk beverage for breakfast is a good way to start the day on these cool fall mornings. This proportion makes 2 1/2 cups: In a saucepan combine 2 tablespoons each of peanut butter and chocolate syrup, gradually add 2 cups milk and a dash of salt. Heat to serving temperature. It won't take any coaxing to get the family to take time to have breakfast when Choco-Peanut Steamer is a part of the menu.

Part of the Homecoming Day parade that preceded the Sequoit win over Lake Zurich last Saturday.

Antioch Freshmen On Streak

The Antioch Freshman football team defeated Lake Zurich Friday for its third win in a row. The score was 34-0.

Antioch began the season by losing to a powerful North Chicago team 44-6. Since then the junior Sequoits defeated Lake Forest 12-6, and Round Lake 6-0 in addition to Lake Zurich.

Against Lake Forest, the Sequoits were trailing 6-0 at half time but rallied for two touchdowns to pull out the win. Darrell Channell scored both TD's on quarterback keepers of 14 and 12 yards.

The Round Lake game was a real tough contest with both teams playing good defense. Antioch's score came on a reverse with Brad Banwart racing the 42 yards to the goal. Jeff Wix did an outstanding job on defense for Antioch.

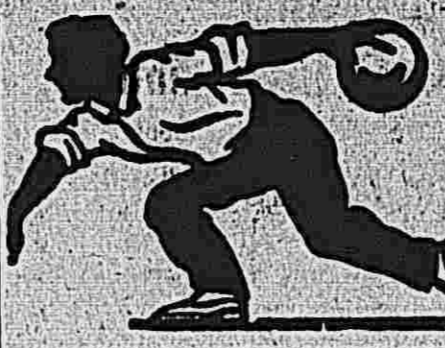

Antioch finally generated some offense against Lake Zurich as the Sequoits piled up 358 yards from scrimmage. Mike Gutowski recovered a Bear fumble on the opening kickoff and five plays later Darrell Channell raced 20 yards to score. Near the end of the first quarter, Brad Banwart took a handoff from Tim O'Neill on a reverse and went 73 yards down the sideline to score. O'Neill added a two point conversion to make the score 14-0. Antioch's third score came when Channell scrambled away from a good pass rush to weave his way 40 yards to the goal line. Channell added the PAT and Antioch led at half time 22-0.

Antioch did not score in the third period but added two more touchdowns in the last quarter. Channell scored his third TD on a 36 yard scamper and Jim Lemickie went 33 yards on a reverse to score as time ran out.

Coach Norm Hahn was very pleased with the offensive showing. "I'm glad the fellas finally found themselves. If they continue to move the ball like this, we should do just fine." However, Coach Hahn was not so pleased with the defense. "They held Lake Zurich scoreless but I don't know how. We gave up a lot of yardage in this game." Coach Hahn cited Lou DeFalco for his fine effort. "Lou was our leading tackler, recovered a fumble and did a great job on offense."

The Antioch "B" team won its first game by a score of 26-0. Earlier the "B" team had held Lake Forest to a 0-0 tie. In the latest game, Floyd Davis scored two TD's and one PAT, Judd Smith scored once, and Bonnie Garcia scored once. Other outstanding players were Tom Poernich, quarterback, Ken Cichon, end, and Bob Weeks, Tom Robinson, Tom Warner, and Kevin Gibbons on defense.

The next home game is Friday against Grayslake at 4:30.

CLC Wins J.C. Golf Tourney

Rob Markela's 12 foot putt for a birdie on the 18th hole gave the College of Lake County a one-stroke margin over Harper College and 1st place in the Danville Junior College Invitational. Nineteen teams from Illinois, Indiana, and Michigan competed in one tourney held on Oct. 14, at Danville, Ill. In setting a tournament record of 306, the College of Lake County nosed out Harper College 306 to 307. Triton College with a 312 finished third, and Northwood Institute of Indiana finished fourth with a score of 313.

Mike Kelroy's 71 was good for second place in the individual category, behind Triton's Marty Joyce whose 69 took first place honors. Kilroy, a graduate of Carmel High School, hails from Mundelein. Also competing as members of the CLC golf team at the invitational were Al Gallinati, Mundelein, who shot a 77, Wes Dunski, Waukegan, and Rob Markela, Waukegan, with 79's, and John May, Waukegan, with an 81.

Rounding out the College of Lake County team are Max Brewer of North Chicago and Ralph Monge of Waukegan. In mid-October, with a meet with Waukegan and the Conference Tournament left, the College golf team enjoys a record of 15 wins and 2 losses. The CLC golf team is entered in the Region Four Qualification Tournament which was held on Oct. 20, at St. Andrew's Country Club in St. Charles. Teams and individuals were qualified for the Region Four tournament at Champaign. Coach Doug Sherman indicated that the Champaign tournament will determine the individuals who will compete in the National Junior College Tournament to be held in Flint, Mich., in the spring of 1971.

Emmons Wins 6th Victory

Emmons Grade School played its last home game of the season on Wednesday, Oct. 14, against Newport Grade School. The Emmons Raiders won 46-0.

Bob Dodd scored the first touchdown of the game on a reverse play around left end. The extra point was missed. A few minutes later Dennis Thain made a long end run that set up the play for John Kakacek, Jr. to score for the Raiders. Jeff Schmidt passed to Bob Bach for the extra point. Jon Bodin also scored two touchdowns in the first half of the game. The first was a short run, and the second was a pass interception that he caught and ran 45 yards for the TD. One extra point was made as Jon Bodin completed a pass to Ron Sheedlo.

During the second half of the game Coach John Kakacek's team scored three more touchdowns. Bob Bach intercepted a pass and ran 15 yards for the touchdown. The extra point was missed. Jeff Schmidt ran through the middle of the line for the second TD. Bill Petty scored the extra point. John Kakacek, Jr. scored the TD. Jeff Schmidt ran for the extra point.

The Emmons Grade School football team has now won six games and lost none.

games. Team No. 4 (4 pts.) beat Fargo Ice (0 pts.) 3 games. Team No. 6 (3 pts.) beat Cermak Realty (1 pt.) two games.

TEN PIN TOPPLERS TUESDAY, OCT. 20

Conservation Annual Shoot Club Sets

The Northern Illinois Conservation Club located on Route 173, 2 1/2 miles west of Antioch, will sponsor its Annual Hunter's Shoot on Sunday, Nov. 1st from 10 a.m. till dark.

Shooting will start when the first five shooters arrive, so plan to arrive early.

This pre-season shoot occurs just 14 days before the official pheasant season opens.

The trap chairman Ernest DiLabio announces that the following shoots will be offered:

Turkey
Duck
Chicken

Steak, and Cornish Hen.

There will also be all-white bird shoots for 1-2-3 and 5 shots. This is an excellent opportunity for beginners to win merchandise, as they do not have to hit all birds to qualify.

Sometime during the course of the day some person will shoot a red bird for which a brand new \$10 will be a prize.

The Club President Richard Waters will be on hand for his famous chicken barbecue and refreshments will be offered all day.

The club welcomes all visitors to come out and inspect their grounds and trap facilities.

Among the many projects which benefit from this affair are the annual children's trip to Kettle Moraine National Forest and the School tree plantings.

FUNERAL NOTICES

MR. GEORGE A. CARR
Mr. George A. Carr — 64-years-old of Trevor, Wis., passed away at 1:30 p.m. Wednesday Oct. 14th, at Kenosha Memorial Hospital. He was born on July 31, 1906 in England and came to America in 1909 to live in Silver Lake, Wis., before moving to Trevor. He is a member of Peniel Tabernacle in Kenosha, and had served in the U.S. Army during W.W. 2 — He had worked for 15 years for Badger Cork Manufacturing in Trevor. He married Bernita Puttman on Sept. 5, 1942 at Hennepin, Ill. Survivors are his wife Bernita — 1 daughter Mrs. Rosalie Hernandez (Trevor) — 2 sons George Carr (Milwaukee, Wis.) — LeRoy L. Carr (Trevor) — & 8 grandchildren. Funeral services will be held at 1:30 p.m. Saturday at the Strang Funeral Home in Antioch. Mrs. Paul Mitchell of Peniel Tabernacle will officiate. Interment will be in Liberty Cemetery. Friends may call after 3:00 p.m. Friday at the funeral home.

MR. HERMAN E. VOLLMER
Mr. Herman E. Vollmer — 82-years-old of 180 Lakewood drive

Antioch, Ill., passed away at 1:00 p.m. Saturday Oct. 17th at Park View Nursing Home in Zion. He was born Oct. 25, 1887 in Stuttgart, Germany and came to the United States in 1906 to reside in Chicago until moving to Antioch in 1953. He is a member of the "Bakery and Confectionery Workers Local Union No. 2 (Chicago) & Constellation Lodge No. 892 A.F. & A.M. (Chicago) — He had worked 37 years as a baker for Hillmans on Washington St. in Chicago. He married Ida Tarnowski on Jan. 21, 1916 in Chicago and she preceded him in death on Sept. 28, 1966, as well as 1 daughter Mrs. Mamie Kozluch in 1945.

Survivors are 2 daughters Mrs. Minnie Julin (Chicago) — Mrs. Lorena Welmer (Antioch) — 4 grandchildren — 10 great grandchildren & 3 great great grandchildren.

Funeral services were held at 1:00 p.m. Monday Oct. 19th at Strang Funeral Home in Antioch. Rev. Donald Cobb of the United Methodist Church officiated. Interment was in Irving Park Cemetery in Chicago. Friends were able to call at Strang after 3:00 p.m. Sunday.

MRS. MARIE EDMANN
Mrs. Marie Edmann, 79 years old of Antioch, passed away at 11:40 p.m. on Tuesday, Oct. 20, 1970, at a Victory Memorial Hospital after a lingering illness.

She was born March 3, 1897 in Hungary and came to the United States in 1912 to reside in Chicago until moving to Antioch 50 years ago. She was a gold star mother and a member of St. Peter's Catholic Church. She was preceded in death by her husband Simon C. Edmann in 1928, a daughter, Anna Edmann, and one son, Walter Edmann in World War II.

Survivors are two sons, Herman Edmann, of Antioch, and Simon Edmann, of Mundelein; five daughters, Mrs. Elizabeth (William) Wretman, Iola, Wis., Mrs. Margaret (John) Paakonon, Evanston, Mrs. Frieda Koenig, Waukegan, Mrs. Freya (Frank) Moser, Antioch, Mrs. Velela Ambacher, Iola, Wis.; one sister, Miss Anna Weiner, Chicago; two brothers, Alois Weiner, Skokie, Ill., and John Weiner, Merced, Calif.; 19 grandchildren and 15 great-grandchildren.

Funeral services were pending at the Strang Funeral Home in Antioch, at press time.

Revision Of Meat Inspection

The U. S. Department of Agriculture has released Federal meat inspection regulations—becoming effective Dec. 1—to incorporate extensive changes made necessary by passage of the wholesome Meat Act.

The regulations cover all aspects of the Federal Meat Inspection program—including provisions for before-and-after slaughter inspection, reinspection, plant sanitation, labeling of meat products, inspection of imported products, detention, and seizure authorities, and many other specific details of inspection.

USDA's Consumer and Marketing Service said that many sections of the regulations are unchanged, except for numbering or slight editorial changes which do not affect their intent.

The regulations were originally published as a proposal in the Federal Register on Aug. 14, 1969, (press release USDA 2424-69), and interested parties were given opportunity to comment. Replies were received from a variety of interests and considered before the regulations were issued.

Consumers, consumer organizations, the affected industries, trade organizations, Federal, State, and Municipal governments of foreign countries, labor unions, and educational and research organizations were represented in the 347 responses received.

The regulations were scheduled to be published in the Oct. 3 Federal Register. Copies of the regulations may be obtained from the Consumer Protection Program Services Staff, Consumer and Marketing Service, U. S. Department of Agriculture, Washington, D. C. 20250.

Lindhurst News

A Progressive Dinner kept some twenty members of the F.C.Y.F. (Free Christian Youth Fellowship) of the Antioch Evangelical Free Church, busy eating and traveling, last Saturday evening, Oct. 10th. From appetizers at the Lyle Wilsons, salad at the junior Ed Jahnke's, soup at the Victor Sisson's, assorted dishes and vegetables at the Alan Knutesen's and Mrs. Herbert Prange's, meat at the Carl Reichenbach's, and dessert at the Robert Dunlay, Jr. home. Afterwards, the group, under the leadership of Mr. Emanuel Thiele, returned to the AEF Church for a game of volleyball. Need it be remarked that this F.C.Y.F. group is for young people of high school and college age. According to Mr. Thiele, the F.C.Y.F. will meet at the Antioch Evangelical Free Church at 6:30 p.m., on Saturday, Oct. 24th, where they will drive to the North Suburban Y.M.C.A. at Northbrook for an evening of roller skating and swimming. Anyone in this age category is welcome to join the F.C.Y.F., which currently meets every Saturday evening at the AEF Church.

Employment Increases Are Detailed

Cook County led Illinois counties in increase of business and industrial employment from March 1968 to March 1969, the U.S. Bureau of the Census reports in its publication "1969 County Business Patterns, Illinois." Among other leading counties, DuPage, Madison, Lake and Kane ranked in that order in employment gains.

The number of business and industrial employees reported by County Business Patterns in Cook County in March 1969 was 2,229,954, an increase of more than 25,500 over a year earlier. DuPage County with 104,126 employees reported, had a gain of more than 10,000 over 1968. Madison, Lake and Kane Counties had increases of more than 5,500, 3,700 respectively over the previous year.

For Illinois as a whole, business and industrial employment amounted to 3,633,956 in March 1969, an increase of 2 percent over the March 1968 employment of 3,562,439. Taxable payrolls in the first quarter 1969 totaled \$6.2 billion, 8 percent higher than the \$5.8 billion reported for the comparable quarter of 1968.

SUNGLASSES

When you are in the market for a pair of sunglasses, remember there's more to it than choosing fashionable frames. The National Society for the Prevention of Blindness reminds us that the cost of sunglasses is usually determined by the frames, not the lenses, so just because a pair is more expensive, it is not necessarily better. The best sunglasses have lenses made of optical grade shatter-resistant glass or plastic. "Cheaper" lenses often contain distortions which put a strain on your eyes. But no matter how good they are, the Society warns, sunglasses are for outdoor daytime wear, not for wear indoors, and NEVER for night driving.

Motorists are reminded that good visibility is essential to safe driving. Always make sure wipers are operating and that the blades are working properly. Never drive, even a short distance, with vision impaired.

County Business Patterns, issued annually by the Bureau of the Census, includes a volume for each State plus a U.S. summary. Each State report presents State and county figures on number of employees, first quarter payroll and number of reporting units in each employment size group for approximately 500 kinds of business and industry. Similar figures in less detail are reported also for the Standard Metropolitan Statistical Areas of Chicago, Davenport-Rock Island-Moline (Iowa-Ill.) Peoria, Rockford and St. Louis (Mo.-Ill.) Appendix tables provide total Federal civilian employment and payroll data for each State and by county for most States.

Information is based principally on records of the Social Security Administration and, for the United States as a whole, includes about three-fourths of all employees, omitting those in State and local government, domestic service, and agriculture.

"1969 County Business Patterns, Illinois" is priced at \$1.50 and the entire set of State volumes plus the U.S. Summary is priced at \$50.70. Single State reports or complete sets may be ordered from the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402, or from the field office of the U.S. Department of Commerce, New Federal Building, 219 South Dearborn St., Chicago 60604.
